COMMENTS: OCV. Agave is a beautiful young Don Julio daughter with flat, twisty horns measuring over 70" TTT. Her color is a white with brindle patches. She has had two heifers and a bull, one being brindle and white, one solid brindle and one brown roan. She is calm, quiet and easy in the chute. I love my Don Julio daughters, and it is very hard to let one go. She has a stacked pedigree with HCR, Tari Graves, Emperor, Delta Diamond, Dixie Thunder and more. What a perfect way to add fantastic genetics to a herd. She is pregnant to our fabulous proven partnership herd sire, Star Regard 927 (Peacemaker x Star Supreme Credit) whose heifers have been real deal changers for us. His babies always have great color.
